32" OVERBED TABLE

INFECTION PREVENTION:

All surfaces are easily accessible and easily cleaned. Seamless top and storage areas.

Shelves and drawers are removable for easy cleaning, making the interior of the storage pedestal completely accessible for environmental services.

DURABILITY:

Top surface is thermofilmed with KYDEX®: KYDEX is 4x thicker than standard thermofilm giving it superior impact strength and durability.

39" OVERBED TABLE

KYDEX is certified GREENGUARD Gold for Children and Schools®. Withstands a wide range of cleaners and disinfectants.

MedViron's superior column has been tested for 10,000 cycles with no effect on performance.

EASE OF USE:

Top has eased edge for patient comfort. Spill containment area retains 40oz liquid.

Activation lever conveniently located for patient and caregiver use and used only for lowering table height.

MedViron Overbed Table with Shelves/Drawers aid hospitals looking to eliminate the bedside stand by providing additional storage that is easily accessible by the patient.

46" OVERBED TABLE

Having personal items conveniently within reach assists the patient's connection and control with their environment increasing patient satisfaction.

The angle of the shelf is designed for easy retrieval of items so people with limited capabilities can slide objects on the shelf towards them and these objects naturally go into their hands.

X-base designed for maximum stability has super low profile for 5th wheel beds.
