

HIGHLIGHTS

- **Cleanable seamless top surfaces**
- **Durable KYDEX® top surface**
- **Patented height adjustment**
- **Limited lifetime, 5-year gas spring warranty**
- **Solid and woodgrain options available**
- **Manufactured in the USA**

ERGONOMIC DESIGN FEATURES

- Patented column facilitates smooth height adjustment.
- Activation lever is conveniently located for patient and caregiver.
- Dual casters provide smooth motion and mobility.
- Top has eased edge for patient comfort.
- Tables are non-handed, can be used on either side of the bed.

SURFACE MATERIAL: KYDEX® 3D LAMINATE

The medViron® 39" Overbed Table utilizes KYDEX® 3D laminate, which is 4x thicker than standard rigid thermofilm, giving it superior impact strength and durability. KYDEX® is certified GREENGUARD® Gold. KYDEX® withstands degradation from a wide range of hospital cleaners and disinfectants.

DURABILITY

MedViron's patented aluminum column offers superior strength, stability, and smooth height adjustment.

Height adjustment column has been tested for 10,000 cycles with no effect on performance.

X-base provides maximum stability.

INFECTION PREVENTION

A hospital's Environmental Services department is critical for infection prevention. Surfaces that are easy to clean are more likely to be cleaned.

Seamless thermoformed KYDEX® withstands commonly used hospital cleaners and disinfectants.

Top surface is supported underneath with a plate which is free from obstructions and is easily wiped down.

Optional pedestal shelves are removable for easy cleaning and makes the interior of the storage pedestal completely accessible.

39" Overbed table in walnut w/ lower shelf pedestal, cupholders and vanity mirror

EASE OF USE

Top surface can be raised/lowered with one hand.

Activation lever conveniently located for patient and caregiver use and used only for lowering table height. Top spill containment area retains 40 oz or 1.2 liters of liquid.

Having personal items conveniently within reach assists patient's connection/control with their environment.

Ships fully assembled in recyclable packaging.
